MISSING LINK MARTIAL ARTS COMMUNITY INTERNATIONAL

Membership Application - Advanced Practitioner -

If you are an experienced martial artist and have earned graduations already, there's no automated process to join the Missing Link Community. We generally aim to recognize your experience and your gradings. You should get in touch with a Master Circle member or - depending how senior your degrees are - a Founder Circle Member. They will ask you to fill this Personal Profile and work with you in personal contact to make sure you can smoothly join the community. Your first Dan complies with the Missing Link Kuro Obi while all additional Dan degrees define the maximum of master levels you can apply for given that you meet the respective master level criteria.

This is me:

(Name; address; birth date and a bit more about yourself)

This is my Karate history:

These are my Dan degrees:

(When; in which style; with which master)

These are my **special fields of knowledge and interest:**

(These are specialist topics that I am willing to teach. I will bring these into the Missing Link Community, supporting the character of a research group.)

Among the following fields I would want to receive the following Master Levels (each with detailed topic description). The maximum number of Master Levels is your achieved number of Dan degrees. Please be aware that we put you down as distinguished expert in these topics, so you might be asked to teach seminars or add content to our Online Resources.

Kuro Obi	This is your first Dan. In the Missing Link Curriculum, it is connected to an individual topic, a thesis or a presentation.
